

§ 174.17 NEPA.

At installations subject to this part, NEPA analysis shall comply with the promulgated NEPA regulations of the Military Department exercising real property accountability for the installation, including any requirements relating to responsibility for funding the analysis. See 32 CFR parts 651 (for the Army), 775 (for the Navy), and 989 (for the Air Force). Nothing in this section shall be interpreted as releasing a Military Department from complying with its own NEPA regulation.

§ 174.18 Historic preservation.

(a) The transfer, lease, or sale of National Register-eligible historic property to a non-Federal entity at installations subject to this part may constitute an “adverse effect” under the regulations implementing the National Historic Preservation Act (36 CFR 800.5(a)(2)(vii)). One way of resolving this adverse effect is to restrict the use that may be made of the property subsequent to its transfer out of Federal ownership or control through the imposition of legally enforceable restrictions or conditions. The Secretary concerned may include such restrictions or conditions (typically a real property interest in the form of a restrictive covenant or preservation easement) in any deed or lease conveying an interest in historic property to a non-Federal entity. Before doing so, the Secretary should first consider whether the historic character of the property can be protected effectively through planning and zoning actions undertaken by units of State or local government; if so, working with such units of State or local government to protect the property through these means is preferable to encumbering the property with such a covenant or easement.

(b) Before including such a covenant or easement in a deed or lease, the Secretary concerned shall consider—

(1) Whether the jurisdiction that encompasses the property authorizes such a covenant or easement; and

(2) Whether the Secretary can give or assign to a third party the responsibility for monitoring and enforcing such a covenant or easement.

AUTHORITY: 10 U.S.C. 2687 note.

SOURCE: 62 FR 35346, July 1, 1997, unless otherwise noted.

§ 176.1 Purpose.

This part implements the Base Closure Community Redevelopment and Homeless Assistance Act, as amended (10 U.S.C. 2687 note), which instituted a new community-based process for addressing the needs of the homeless at base closure and realignment sites. In this process, Local Redevelopment Authorities (LRAs) identify interest from homeless providers in installation property and develop a redevelopment plan for the installation that balances the economic redevelopment and other development needs of the communities in the vicinity of the installation with the needs of the homeless in those communities. The Department of Housing and Urban Development (HUD) reviews the LRA’s plan to see that an appropriate balance is achieved. This part also implements the process for identifying interest from State and local entities for property under a public benefit transfer. The LRA is responsible for concurrently identifying interest from homeless providers and State and local entities interested in property under a public benefit transfer.

§ 176.5 Definitions.
